3. The IfG receives information on illegal border crossers from the KGU groups and, in addition, positive intelligence information which has been obtained from these people. This information is then prepared and forwarded to WIESEBACH, (some of it being marked for the use of the Voice of America). The latter is then returned to the Munich Office after being approved in WIESEBACH, and is then sold to the Voice of America. The information obtained from HINZE in Camp Valke is of the same nature, and put to the same use.

SOURCES: "A" and "B"

EVALUATION: B-2

4. The IfG network in Austria is led by Dr. Wilhelm HOETTL, who lives at ALT AUSSER 70, Austria, and subscribes to telephone number ALT AUSSER 16. HOETTL has been working for SCHACHT for approximately one (1) year. He receives positive intelligence reports from contacts in LINZ nca, Austria, and VIENNA nca, Austria. Most of this material comes from Hungary, Czechoslovakia, and Roumania, with some, however, coming from ROME nca, Italy (political trends). A Fnu WAGNER is a courier for HOETTL. The sources of those reports are identified only as FJH6, FJ52, FJ53, and FJ81. Other personalities who figure in HOETTL's network in undetermined positions are: Dr. Fnu FREIBORN (or FREIBORN-MOELLER), Hannerhauptstrasse in SALZBURG, Austria, using telephone number SALZBURG 3029; Theo von ALBERT, possibly living in SALZBURG; and Fnu LOEBLICH living in VIENNA. Von ALBERT uses Post Office Box 56 in FREILASSING 33TUP40, Germany.

SOURCE: "A"

EVALUATION: B-2

5. Von ALBERT has been in contact with SCHACHT and MUELLER since December 1951, at which time he sent SCHACHT a report concerning political activities in Austria. This report mentioned a Leopold TALLACH-WINDSICH, living in Heimgartenring 50, WELS nca, Austria, a former Storm Trooper leader, who had turned to the "left" and was associating with Communists in WELS and LINZ. TALLACH-WINDSICH is supposed to have said that Germany's future lay with the East. During the last three (3) months, the IfG has maintained contact with von ALBERT, and, on 27 and 28 October 1952, HOETTL and von ALBERT were notified of a scheduled conference in Austria by FROELICH and MUELLER. These telegrams were signed by "Dr. MUELLER". On 6 November 1952 von ALBERT asked SCHACHT if SCHULZ (MUELLER) was coming to Austria.

6. a. The material that HOETTL gathers is forwarded to the IFG either through personal meetings between SCHACHT and/or MUELLER and HOETTL, or by HOETTL's turning it over to Ruediger LIPPBAHN, who lives in FREILASSING. LIPPBAHN in turn mails it to unidentified mail drops, where it is picked up by SCHACHT or MUELLER.

9. FROELICH is corresponding regularly with Baron Helmut Edward Nikolaj von KLEIST, who has Post Office Box 111 in ~~HAMBURG 320003~~, Germany. Von KLEIST is a contact man for FROELICH in the northern part of Germany, gathering information; and it is also apparent that he is selling information for FROELICH. In July 1952 von KLEIST was in BERLIN, and on the way back to HAMBURG he stopped in KASSEL 3200039, Germany. He later told FROELICH that the people in KASSEL did not believe that he (von KLEIST) had to pay anyone in order to get the Hungarian and Bulgarian reports. They were of the opinion that he was getting them for a few marks. Von KLEIST uses code words in mentioning reports; he stated that they would like to buy the report "Papa", and would also like a written offer of what could be obtained in the future. In August 1952 it became evident that von KLEIST was offering intelligence information to a Major "R. W." in KASSEL. He stated that "R. W." took "Pappin", but did not want to see the others. Von KLEIST mentioned a meeting in July with Colonel Walter HOLTERS, who lives in ESSEN 3200006, Germany, Holsterhauserstrasse 89. In August he stayed with Thomas GIERGENSEN, who lives in COLOGNE 3200054, Germany, Lindenstrasse 18. Von KLEIST expressed a desire to know who and what is Herbert FORDENANIS, (evidently from RIGA nca) living in KARLSRUHE 3200052, Germany. (This last was requested of FROELICH). In September 1952, after a trip to LUENEBURG nca, and HAMBURG nca, Germany, von KLEIST was scheduled for a stop at KASSEL. He received a phone call, however, which informed him of a big inspection, and that the "Major" and inspectors would be gone for a few days, returning on 29 September. Von KLEIST told FROELICH that he would at that time attempt to clear "Kunda" (a report), and the little questions concerning "Algy" (a report). He said that "Algy", to them (KASSEL), seemed superficial and incomplete, in comparison to the other works which up to that time had been submitted. Von KLEIST complained that the people in KASSEL did not want to pay as much for such reports, and asked FROELICH to send more good ones. He said he would be better able to sell those which were well elaborated. On 1 October 1952, von KLEIST complained to FROELICH about more reorganization, rebuilding, and transfers in the unit, (referring to a meeting with the "Major" after the latter's return from the inspection trip). However, von KLEIST indicated optimism, stating that it would be to his own benefit, and he objected only to a probable three-weeks delay in the reshuffling.

He was arrested on 28 July 1946 on suspicion of being a Russian agent. Interrogation of FARDSIN did not establish this charge, but it was recommended that he be kept under observation. This was due to the allegation that FARDSIN had attended a political course at the University of Moscow from 1931 to 1936, and had been a member of the Communist Party during his stay in Russia, and because, during 1936 and 1937, FARDSIN had been an inspector of schools in SUCHRUM.
